PRAYER
intercession

family activity

Create a family prayer jar. Fill it with craft sticks, plastic spoons, rocks, anything you can find. Label each one with someone your family wants to pray for. Each day, pick one out to pray for.

discussion questions:

1. Who can we pray for together as a family?
2. Who can you pray for individually?
3. Why is praying for others important?
4. What are some reminders you can use to remember to pray?

note:

Creating good habits requires intentionality. Consider setting a specific time to pray together as a family.
