

PRAYER healing

family activity

Healing Prayer Jar

This week fill your jar with items that will remind you to pray for the healing of specific people. Pray with your family for one person each day of the week.

discussion questions:

1. Who should we pray for and ask God to heal?
2. How does God heal people?
3. God likes it when we pray persistent prayers. When can we meet together on a regular basis to pray for these people?

note:

Sometimes God's answers for healing are different than we expect. Pray persistent prayers & remember, we may not always understand, but God still loves us and He still wins at the end!

week 4
